

Organizing for Mission

Arc of Transformation

We are a deeply relational community that equips leaders to practice the arts of faith-filled community organizing and grounded spirituality, with a framework of racial and economic equity to generate transformation in our lives, congregations, and communities.

5-Day Community Organizing Training

May 28-June 1, 2019
Pacific Lutheran Theological Seminary in Berkeley, CA

Transformation and community happen here. Taught by a team of experienced community organizers, pastors, and practitioners, this five-day training covers the basic tools of faith-filled community organizing from a biblical and theological perspective through the lenses of

place, race, and economic equity. It is for leaders who want to build practical skills for the development of their congregations and engage in public ministry in the world.

Contextual Gatherings

Spring Gathering—March 28-30/31, 2019 at St. John United in Seattle, WA
Fall Gathering—Dates TBA at Luther Place Church in Washington, DC

Contextual gatherings immerse faith-filled leaders from across the country in the very places where our congregations are rooted. Witness the tools of organizing influencing ministry and vice versa. Experience racial and economic equity in action. Be spurred to become bolder, more faithful, more relational, more powerful.
